**Subject:** the SCC meeting

Dear Mr Leoz-Arguelles,

I wish to inform you that the Operational Conclusions from the PG meeting of 19 October 2009 (PG 236) in point No 10 conclude, among others, some items submitted by the Polish delegation. The PL delegation to the SCC meeting would like that the information of CEN on the *anticorrosive protection products, ceramic tiles and solar collectors* are put into agenda for the nearest SCC meeting.

This issue was touched also in our letter of 16 November 2010 addressed to you and delivered directly at a WP meeting.

With kind regards,

Marian Korus
