Ministry of Transport and
Construction of the Slovak
Republic

The Ministry for Development of Communities and Territories of Ukraine presents its compliments to the Ministry of Transport and Construction of the Slovak Republic and addresses with the following.

As previously reported, since February 2024 the "Electronic Border Crossing Queue" electronic system (hereinafter "eQueue") has been extended to all road border checkpoints (hereinafter BCP) of Ukraine.

We kindly ask to note that, as part of the further implementation of "eQueue", this system is to be extended to the additional BCPs, as well as to the additional types of trucks. It is planned to launch "eQueue" for trucks at the Malyi Bereznyi – Ubla BCP.

Additionally, the possibility of **using "eQueue" for trucks with a carrying capacity of 3.5 tons and more** is to be launched at both road BCPs on the border between Ukraine and the Slovak Republic, starting from March 11, 2025: Malyi Bereznyi – Ubla BCP, Uzhhorod – Vyšne Nemecke BCP.

Taking this opportunity, the Ministry for Development of Communities and Territories of Ukraine renews the assurances of its highest consideration to the Ministry of Transport and Construction of the Slovak Republic and expresses hope for further fruitful cooperation.
